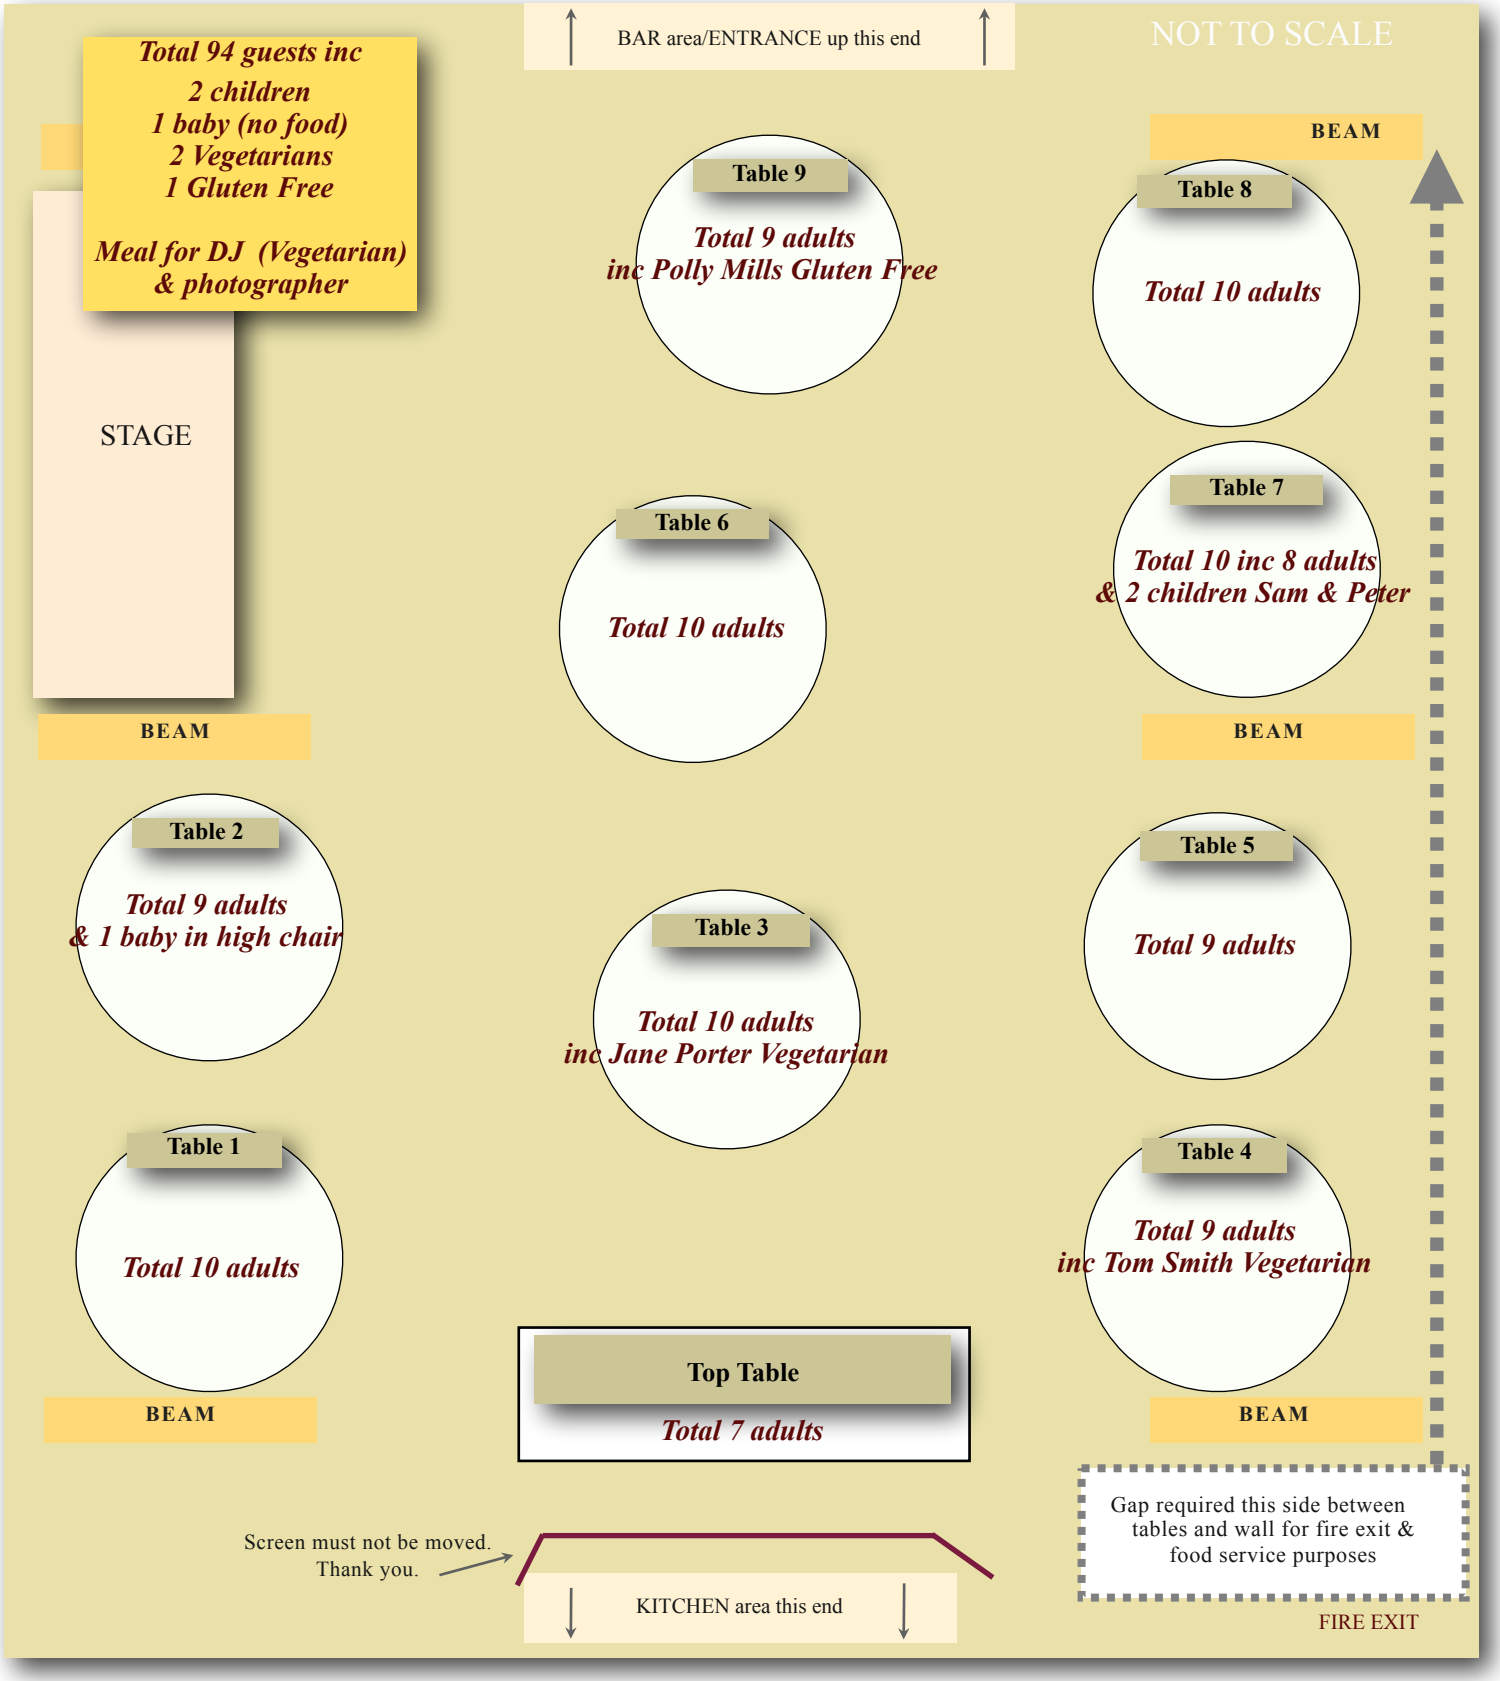
For food service purposes, we need your guest & table info in this format style please (not Excel). The layout below isn't to scale and your event may have a different number of guests/tables to this. However, your quote is based on as many tables as possible seating TEN. Email your plan to us and we'll lay up accordingly - so please avoid alterations after 4 days before your event. *Thank you*

Pledgdon Barn VENUE

- Do NAME guests with special/dietary requirements and which table they are on (see examples below)
- Let us know if 'vegetarian' guests will eat fish.
- If you've booked food for your DJ/Band/MC etc, please find out if they have vegetarian/allergy requirements too.
- The barn has 1 high chair. Do bring in more if needed.
- If you've given your tables 'names' instead of numbers, for service purposes we'll also need numbers showing on the side facing the kitchen.


LET THE MAGIC BEGIN...
